1. Introduction

Thank you for purchasing one of the Enjoy Birds More family of products. We hope this Large Battery Box will extend the use of your camera or nest box.

2. Setting Up Your Battery Box

The Large Battery Box comes complete with battery holder and hanging bracket.

Take the lid off the Battery Box. If the lid is screwed down, you will need a small screwdriver to take the 4 corner screws out.

Fit 4 size “D” batteries in the battery holder, observing the polarity as shown on the battery holder. If you find this awkward, you can take the battery holder out of the box.

Fit the lid back onto the Battery Box and screw it down in each corner with the screws provided.

You can extend the life of the batteries by switching the batteries off when not required using the switch at the top of the Battery Box.

The Battery Box can be hung from a nail or screw using the hanging bracket, or simply placed on a flat surface. Take care to position it so that the cable exit holes are at the bottom, so that rain does not enter.

If you decide to use a mains supply with your Battery Box, bring the cable into the box through the 2nd hole in the base of the Battery Box, disconnect the battery holder, and connect the power supply unit to the PP3 connector in the Battery Box.

3. Specifications, Warranty etc

The specifications of the product described and the contents of this User Guide are subject to change without notice, as part of our continuous improvement process.

Whilst every care has been taken in the preparation of this document, we realise that it may still be possible to improve it. If you find any errors, omissions or points which are not clear, please let us know by email at user.guide@enjoybirdsmore.co.uk. We will endeavour to deal with the problem to your satisfaction, and learn from it for future versions.

The contents of this document may not be reproduced in whole or in part except for your personal use.

Enjoy Birds More Limited warrants all its products against defects in materials and manufacture for 6 months from the date of purchase. If a defect is discovered, Enjoy Birds More will repair or replace the product (at its option) free of charge, provided it is returned to the address in this User Guide at the customer's expense.

Enjoy Birds More Limited is not able to accept any responsibility for any loss, damage, or loss of data suffered by any customer or third party as a result of use, misuse or malfunction of the product or this User Guide. In particular, whilst the product has been extensively tested, we are unable to warrant that it is error free.

If you have any further technical or user questions relating to the product, please first check the Frequently Asked Questions section of our Web Site, www.enjoybirdsmore.co.uk. If that does not enable you to resolve your query, please email it to us on customer.service@enjoybirdsmore.co.uk.

From time to time, we provide customers with product updates. Please check the web site for details.

4. Care for the Environment

As you might expect, Enjoy Birds More cares deeply about the Environment. We have adopted an Environmental Policy designed to demonstrate our commitment to operating our business in harmony with the natural and man made environments. If you wish to see the full policy, it is available to read on our web site.

Our products are developed to be economical with natural resources, both in manufacture and use. We comply with the relevant laws and regulations, including those relating to the Restriction of Hazardous Substances (known as RoHS) and Waste Electronic and Electrical Equipment (WEEE).

The wood used in our products comes from responsibly managed forests, as part of our commitment to the FSC.

The hanging bracket in your product is made from Polypropylene. This is regarded by many as the most environmentally friendly plastic available: it requires relatively low energy in manufacture and is so safe it is commonly used in toys, toothbrushes and food packaging. When recycled by incineration, no toxic substances are released, only water and Carbon Dioxide.

When you have finished using this product, please dispose of it responsibly. We would suggest using your local household recycling and waste treatment facility, particularly for the electronic parts of the product.

Certain of our products are marked with the following symbol:

This denotes that they require to be disposed of at end of their useful life by the local waste treatment facility. Please follow this instruction.

5. Enjoy Birds More Accessories

Our comprehensive range of accessories is designed to enable customers to make the best use of their products. Why not accessorise your equipment to extend its capabilities and make it do exactly what you want? The following accessories are suitable for our Nest Boxes and cameras:

Daylight Sensing Battery Box (A32)

Accessorise the Eco Nest Box to give it very long battery life, dusk/dawn switching, use of rechargeable batteries and also site the batteries away from the nest box in a convenient position for changing/switching. Wooden Battery Box with translucent lid matches Eco Nest Box.

Battery to Camera Extension Cable (A33)

Extend the distance from your battery or battery box to the Eco Nest Box or camera. Convenient battery changing and avoid disturbance when changing batteries.

Mains to Battery Extension Cable (A35)

Want to use mains power, but need a longer cable from the mains power unit to your battery box or connector?

Enjoy Birds More by PC (A36)

Our very own software package for users of camera nest boxes and wildlife cameras - view, take and archive your pictures, videos and timelapse sequences.

Video to USB Converter (A37)

This small converter allows you to feed pictures of your nest or wildlife straight into your computer. No need to install any hardware inside the computer.

PC Video Viewer (A38)

All the hardware and software you need to watch your nest and wildlife pictures on a PC or laptop.

Rechargeable High Capacity Battery Set (A40)

8 high capacity rechargeable batteries and mains charger. Last for longer between charges. (Use with Large Battery Box or Daylight Switching Battery Box).

Solar Panel (A41)

Help save the planet by using renewable energy to operate your Nest Box or Camera. You may never need to change the batteries again (Use with Daylight Switching Battery Box).

Wind Generator (A42)

Free energy to supplement solar or mains recharging for your Nest Box or Camera. Good looking and discreet generator (Use with Daylight Switching Battery Box).

25 mm Hole Plate (A43)

Small plywood plate to fit on front of nest box, to reduce the size of the entrance hole, and limit the box to smaller bird species.

28 mm Hole Plate (A44)

Small plywood plate to fit on front of nest box, to reduce the size of the entrance hole, and limit the box to smaller bird species.

Eco Box (A47)

Another nest box to match your Eco Nest Box, but with no camera. Use it to increase your chances of attracting birds to nest. Swap the camera from one box to another in seconds if the birds choose the wrong box.

THE NESTBOX COMPANY LTD

Our sister company, **The Nestbox Company Ltd** is the UK's leading producer of nest boxes for birds and small mammals, as well as feeders and insect houses. All these products are made using advanced manufacturing techniques, and finished by craftsmen working in the company's rural workshop.

The Nestbox Company has a wide range of products to suit many common as well as less common birds and animals. Most of their boxes can be fitted with cameras - Just ask us (or them) if you are interested.

These include:

Bird Nest Boxes for small birds, Robins, Sparrows, Large birds, Woodpeckers, Treecreepers, Swifts etc

Owl Nest Boxes for Barn Owls, Little Owls and Tawny Owls

Boxes for Wild and Domesticated Ducks

Boxes for small mammals including Hedgehogs, Bats, Red Squirrels, and Dormice

Insect Boxes

And Feeders
