

Enjoy Birds More

Rechargeable High
Capacity Battery Set
(A40)

User Guide

The Rechargeable High Capacity Battery Set consists of 8 size “D” Nickel Metal Hydride (NiMH) Rechargeable batteries, and a mains charger for them.

The charger will charge up to 4 of the batteries at once. Please refer to the instructions with the charger for how to use it.

It is recommended that you charge all the batteries fully before using them for the first time. Once the batteries are charged, please use them as normal batteries in your battery box. Future charging can be achieved by taking the batteries out for charging separately, or, using our Solar Panel (A41) or Wind Generator (A42) in situ.

Care for the Environment

As you might expect, Enjoy Birds More cares deeply about the Environment. We have adopted an Environmental Policy designed to demonstrate our commitment to operating our business in harmony with the natural and man made environments. If you wish to see the full policy, it is available to read on our web site.

Our products are developed to be economical with natural resources, both in manufacture and use. We comply with the relevant laws and regulations, including those relating to the Restriction of Hazardous Substances (known as RoHS) and Waste Electronic and Electrical Equipment (WEEE).

When you have finished using this product, please dispose of it responsibly. Unless you are using this product with one of our nest boxes, it comes under the scope of legislation relating to Waste Electronic and Electrical Equipment, and must be disposed of through a licenced waste treatment facility. Please follow this instruction.
